RE: Missouri Hazardous Waste Management Facility Part I Permit Continuation Fees
Solutia, Incorporated, J.F. Queeny Plant, St. Louis, Missouri
EPA ID Number: MOD004954111

Dear Mr. House:

A review of our permit fee records indicates that Solutia, Incorporated, J.F. Queeny Plant (Solutia) has been operating with a continued permit since November 9, 1999. This continued status was the result of Solutia sending the Missouri Department of Natural Resources (Department) a new permit application and, through no fault of Solutia, the Department was unable to reissue the hazardous waste permit before it expired.

According to Missouri Revised Statutes 260.395.7(6), RSMo and Code of State Regulations 10 CSR 25-12.010(3)(C), a permit applicant must pay \$1000 for each year the permit is in effect beyond the first year, including the time during which a permit is continued. This money covers the annual operating fee for the continued permit. Solutia has paid their permit continuation fees through November 8, 2013. At this time, Solutia owes \$1000 for the next year's permit continuation fee, November 9, 2013 through November 8, 2014.

The Department must receive your payment within 30 days from the date of this letter. Please make the check payable to the State of Missouri. Send your payment to Ms. Deetirlynn Galbreath, at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176.

At the time you sent the Department your new permit application, you also sent a non-refundable \$1000 check to cover the first year of the new permit. If the time period covered by the permit continuation fee requested above overlaps any of the time period covered by the permit application fee (one year beginning on the date of issuance of the permit), Solutia's operating fee in the Schedule of Compliance will be adjusted for partial payment during the particular year.

If you have any questions regarding this letter, please contact me at the Missouri Department of Natural Resources, 7545 South Lindbergh, Suite 210, St. Louis, MO 63125, by telephone at (314) 416-2464, (573) 751-3553, or 1-800-361-4827, or by e-mail at christine.kump@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
